

LEASE LEVY FOR SPACE FOR ECFE OR COMMUNITY EDUCATION PROGRAMS

Pursuant to 2003 Minnesota Statutes § 126C.40, subdivision 1, a district may apply to Department of Education for permission to make an additional (property tax) levy to rent or lease a building and/or land for any instructional purposes, or for school storage or furniture repair. Levy authority has been granted to many districts to provide revenue for leasing space for Early Childhood Family Education (ECFE) and Community Education Programs. Districts apply during the annual levy process. Contact the district staff responsible for levies to determine whether the district participates.
